**Subject:** UBER Complaint

I am writing to express my opposition to the decision to issue a cease and desist to Uber in South Carolina. Government's role is not to inhibit the progression of technology or to protect industries. Uber offers an affordable solution to transportation in our state, provides many good paying jobs, and in my experience is in every way better than the current taxi model. Uber has provided many opportunities for current taxi drivers to join their service and the state should assist in facilitating this and not hinder it. If taxi drivers want to compete they need to update their technology and offer a similar service.

Thank you for your attention to this matter.

**Subject:** Support of Uber

South Carolina Public Service Commission,

I am writing to urge you to please reconsider your actions taken against Uber. As a passenger they provide so many benefits that don't exist with status quo taxi services. Drivers are identified and can be reviewed, they do extensive background checks, you know the price of the ride before you take it, you can call a car, usually within minutes, you can pay easily with a credit card, rides are insured well beyond the mandatory minimum, and the whole experience is incredibly user friendly.

Uber is good for SC. Is SC truly pro-business and free market, or does cronyism still reign? I happily join them in protest of your actions by continuing to use their services.

Sincerely,

Layne Madden

Subject: Columbia needs Uber!

PSC,

Please reconsider your recent order against Uber. They provide a superior service to any taxis I have taken here in Columbia, and have put in place better protections than even the taxi services observe.

Their cars are cleaner, service faster and easier. They treat us like our experience is important to them. And the joy of just getting out of the car without having to work out payment is inexpressible.

Please reconsider and allow this parallel service to compete fairly for our patronage.
